Greetings Christine,

Per our phone conversation this morning, I have transitioned the Greenspoint facility management responsibilities to my good friend and colleague Neal Hardin...Neal is attached to our local Red Cross unit in Houston.

Neal...Christine, her colleague and I discussed ways of getting the EPA information into the hands of the individuals and families residing in or passing through the GMS.

Regards,

Gregory

Thank you for clarifying your e-mail address via phone this morning, safe travels home. I look forward to receiving the new person's contact information!

As mentioned on the phone, I can now provide some hard copies of pertinent publications (as determined by the Red Cross contact). I can drive them to the Greenspoint Mall.

Thanks

Mr. Smith,

What a pleasure to meet with you September 25th and learn of all the amazing work being done through your location at Greenspoint Mall. You indicated an interest in reviewing the available publications to determine if any of the information might be of assistance to the community you are serving. Attached, you will find a plethora of publications for educational outreach in both English and Spanish.

I understand some of these may not fit the needs of your current outreach efforts, but I am providing you with everything we have access to at this time. These documents can be shared electronically, via social media, and/or hardcopies.

How are you doing?

Thanks,

Christine Cherrett
